

Getting Started- Instructions

for your new Harmony Health CEO Mega Pack

(item #1084)

QuantaWater: Essential to overcome poor sleep, fatigue and non responsive health issues. Added to any quality protocol, QuantaWater provides maximum support for cellular function and hydration.

Instructions: Take a sip every two hours for at least 60-90 days, full strength. Approx. four bottles per 30 days. 7 am to 7 pm or similar.

Add one ounce to every half gallon of purified water for maximum cellular hydration.

Harmony Drops: This harmonic water catalyst infuses pure harmonic energy patterns into trace minerals. Harmony Drops primarily clear stagnant energies daily from the body and organ systems, allowing full natural response and function.

Instructions: 1-3 drops per 8 oz. of water for optimal hydration and one drop on the tongue once or twice per day to clear stagnant energies.

EP2 Stress Pendant: Provides maximum protection from chaos emanating from computers, cell phones, and electrical wiring, as well as the physiological drain on our body from our negative thoughts. It now uses our Essential Quantum Bio-energy technology adapted for personal protection and cellular coherent energy support. It accesses and amplifies the vibrational harmonics found naturally in our environment, allowing your body to utilize those frequencies that make up your unique harmonic field. Increases resistance to all forms of chaos at the cellular level.

Instructions: Wear the EP2 Stress Pendant throughout the day, although shorter times to start are recommended initially for seriously compromised adrenal function.* See instructions.

Can also be used to energize any food or liquid in less than one minute, although longer times are always beneficial. Simply place the EP2 Pendant under or near the food or beverage.

EP2 Stress Pendant (Continued)

***How to start if fatigued, and your sleep or your health are compromised**

- **Day 1 & 2:** Wear for 1 hr. then remove
- **Day 3 & 4:** Wear for 1.5 hrs. then remove
- **Day 5 & 6:** Wear for 2 hrs. then remove
- **Continue increasing** your time by 30 minutes every third day until you reach 12 hours. Failure to follow could actually promote fatigue later in the day.
- **When you reach 10-12 hours** you've built up your energetic muscle enough to wear the pendant all day
- **At Night:** Place within three feet of any sleeping area
- Place between you and your computer when not able to wear your EP2 Pendant
- Excellent personal protection against SmartMeters

eDOT Cell Phone EMR Blocker: Protect yourself from harmful EMR radiation that emits from your cell phone and Blue Tooth earpiece with the eDot Cell Phone EMR Blocker using proven German research. Up to 93% protection from negative body response.

Instructions: Detach the eDot from the Protective backing sheet and apply to the back of any cell phone, or anywhere on a Blue Tooth earpiece. One eDot is required for each cell phone or Blue Tooth device. When used with an EP2 Stress Pendant, protection amplifies up to 99%. The eDot will keep you protected for up to 16 months. Placing a cell phone case over the eDOT is recommended.

NOTE: It is recommended that a small amount of super glue be used, especially if the phone is in and out of a pocket or purse frequently. If your eDot falls off and you did not secure it properly you will not receive an "Oops" replacement.

REFRIGERATOR HARMONY EGG: The most amazing and affordable technology to extend the life of produce and food, while enhancing life-supporting energies within the food. Designed specifically for the refrigerator. Allows many foods to last two to five times their normal life in the refrigerator, potentially saving hundreds of dollars each year. Many individuals have reported their food even tastes better.

Instructions: Place one centrally in your refrigerator and perhaps another in your pantry. This will help protect and extend the shelf life of nearly all your foods. Works on most everything, regardless of where it's stored, whether in refrigerator bins, sealed containers, storage bags, store packages, or in your pantry. Larger side-by-side units may require two eggs.
